

Storm-Ready Yard Patrol!

Before storms arrive, homes and yards need a check-up! Your mission is to become a Yard Patrol helper and spot things that should be fixed, moved, or cleaned up before strong winds and rain."

Circle 6 things that might
cause trouble during a
storm

Can I Help? Sorting Game

Read each task and think about it. Who should do this job?

- I can help with...
- A grown-up helps with...

Draw a line to the person who should do the task safely!

Picking up small yard items

Fixing shutters

Helping stack chairs

Holding the trash bag

Climbing ladders

Telling an adult what you noticed

Cutting branches

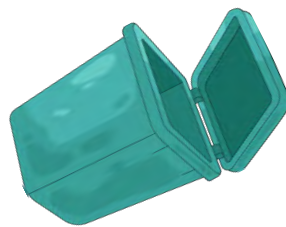

Move It or Secure It?

Some things outside can blow away in strong winds and cause damage.

Before a storm, it's important to move light items inside and secure heavier items so they don't fly around.

Doing this helps keep your home and neighbors safe.

Water Flow

Water needs a clear path to flow away from the house so it doesn't build up, cause flooding, or damage homes during heavy rain.

Find the clear path from the house to the drain
