

AFTER THE STORM

*Helping the
Island Recover*

HELPING THE ISLAND RECOVER

After a storm, things can look different and feel confusing, but taking it slow and being careful helps everyone stay safe.

Grown-ups check what needs fixing, neighbors help each other, and kids can help by listening, being patient, and using kind words. When we work together and take safe steps, our island can feel better and stronger again

MAKING CAREFUL CHOICES

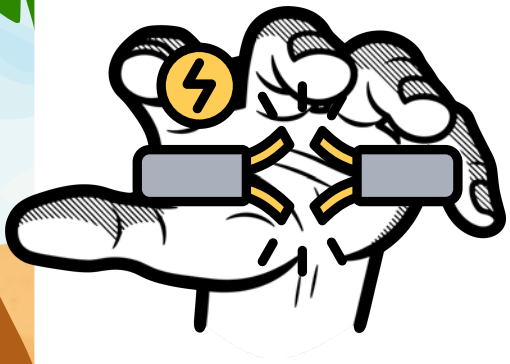

Find the safe route home

SAFE OR NOT SAFE

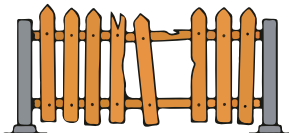

After a storm, being careful,
patient, and helpful makes
recovery safer for everyone.

Circle the pictures that show safe choices after a storm.

DOCUMENT EVERYTHING

Look carefully and describe all the areas that need to be fixed or cleaned up.

GREAT JOB

Finding what needs fixing or cleaning helps grown-ups know what to do next. By paying attention and helping in safe ways, you're being a caring helper and helping your island recover
