

What is a Storm Kit?

A storm kit is important because it helps your family stay safe and comfortable if a storm changes your normal routine. When things like power, travel, or shopping are harder than usual, a storm kit holds the kinds of supplies your family might need for a short time.

It should include helpful things that are safe, easy to use, and last a while. It should not include things that can spoil, break, or need special power to work. Having a storm kit ready ahead of time helps everyone feel prepared and less worried when a storm is on the way.

What goes in your kit?

Circle the items you would put in your hurricane kit

Water Bottles

Ice Cream

Batteries

Flash Light

Fresh Fruit

Canned Food

First Aid Kit

Video Game

REMEMBER: Storm kits use food and tools that last

Power Out Puzzle

Storm kits are for everyone in the family.

Draw lines to match Storm Kit supplies to who needs them

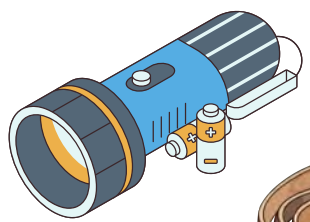

Everyone

You

Pets
